Titel: WJBB - Diversity Day

Together for diversity!

Diversity adds new ideas and experiences while letting people learn from each other. Bringing in different perspectives leads to better problem-solving. Working in diverse teams opens dialogue, promotes creativity and enables innovation. Diversity is the key for a promising future.

The dimensions of diversity are varied. In our evening event we will focus on the aspects of gender and sexual orientation.

We will welcome two key note speakers:

Michaela Elschner, LGBT*IQ Netzwerk RWE

<https://www.group.rwe/der-konzern/diversity/sexuelle-orientierung-und-geschlechtsidentitaet/unsere-erfahrungen>

Charlene Liu, Diversity & Inclusion Consulting, based in Shanghai.

We will get insights into the personell stories of both speakers, compare the status of Diversity & inclusion in Germany and China and talk about best practices for companies that want to become more diverse. There will be enough room for discussions. Please bring all your questions.
